

Is Your Child Safe?

No parent should have to bury their child.

- 15,000 children a year (more than 40 children every day) are injured in furniture tip-over accidents.

(Clinical Pediatrics, May 2009)

- Unsecured or improperly anchored furniture can cause serious *injuries* or *death*.
- All furniture/televisions ***MUST be*** properly anchored to the wall. ***NEVER*** place televisions on tops of dressers or inappropriately sized stands.
